

PETROCON ENGG. & INSPECTION PVT. LTD.

An ISO 9001-2015 Certified Company

INTRODUCTION

- "Petrocon Engg. & Inspection Pvt. Ltd. is an ISO 9001:2015 certified and transnational company having presence in Oil & Gas industry.
- Provides services for Civil, Mechanical, Electrical & Instrumentation works as Engineering, procurement and construction as complete package and also provide fit for services as per OISD 128, OISD 130, API 510, API 571.
- After companies incorporation in 2003 it has shown good progress and generated trust on customers. Company is supporting Indian Oil industry contributing small value to the nation.
- Since 18 years of past track record in field of Oil & Gas industry Petrocon Engg. & Inspection Pvt. Ltd. has shown capabilities and commitments and proved and completed projects in time with Health, Safety & Environment and quality services.

Vision

"VISION

Petrocon Engg. & Inspection Pvt. Ltd. is committed to Continuous up gradation of technical expertise developing through human skills, techniques & latest engineering practices.

Implementation of modern technology and International set standards with individuals Quality, Health Safety, environment & society.

Petrocon Engg. & Inspection Pvt. Ltd. itself focus to set up a perfect work culture and strive for positive result delivery for every customer.

Petrocon Engg. & Inspection Pvt. Ltd. shall become self-reliance and remain respectable Leader in Indian construction industry.

Petrocon Engg. & Inspection Pvt. Ltd

Drill Pipe Inspection

Drill pipe inspection is set at regular intervals depending on drilling conditions and past failures experienced to locate internal / external pitting, cuts, gouges, localised wall loss and fatigue cracks which would be detrimental to the integrity of pipe to be used in drilling operations.

In addition to tubular body inspection we intend to provide progressively other related services as under.

- 1) EMI Full Body Inspection
- 2) Thread inspection.
- 3) BHA inspection.
- 4) **Refacing** of tubes.
- 5) MPI of drill rig mast and other related equipment's.

These services are successfully rendered by many Inspection services in India, we intend to enter the growing Indian market for inspection of Oil country tubular goods

Oil & Gas Sector Projects :-

Current Project under progress by Petrocon Engg. & Inspection Pvt. Ltd.:-

- 1) (ONGC) ("Three Year Rate Contract to carry out the NDT of Vessels and Pipes at Unmanned Platforms of B&S, MH, NH Assets based on RBI Recommendations and Interpretation of NDT Reports as per API 510/570/579.")
- 2) MDL: "Biennial Rate contract for Gamma radiography, X-Ray, Ultrasonic testing, Magnetic particle testing, Dye penetrant testing work on unit rate basis for P-75."

CHAIRMAN PROFILE

CHANDRAKANT A. DALVI

Profile:-

A Versatile, Senior Management Engineering professional with 30 years of track record

expertise in NDT and project management in Oil and Gas. Seeking, challenging assignments in On-Shore, Off – Shore developments globally. I have previously worked for 1. 1991-2003 M/S. SGS INDIA LTD. worked as project & vendor inspector .refinery & petrochemicals various projects

2003-2004 M/S. REALIANCE INDUSTRIES as a plant inspector- EO/EG/OLIPHINE

2004(06 MONTHS) M/S. ABS CONSULTING DUBAI. warm seas tankages project/vendore inspection in DUBAI. 4.2004-2005 M/S. SAUDI ARAMCO K.S.A. worked in project inspection department (offshore)

hook-ups, lateral,hdd, trunkline, deck installations

 $5.2006-2007\,\mathrm{M/S}$. GLOBAL OFFSHORE LTD.US base company in KSA QA/QC supervisor on barge lateral, hdd, trunkline pipeline activities

6.SINCE 2008 PETROCON ENGG. & INSPECTION PVT. LTD. various projects under ndt & advanced ndt& fabrication

Key Responsibilities:-

Planning, Organizing, Implementing, Directing, Controlling & Monitoring of all the projects & operations.

Managing the Head Office and its personnel

Managing & enriching all external relationships with clients, third parties,

Government and other agencies.

Some of the major projects successfully completed for Larsen & Toubro are as follows:

HPCL refinery, Mumbai

ONGC Uran Additional Process Unit Plant, Mumbai

Hal-Offshore

L&T ,Lanjigarh , Odisha

BPCL, Mumbai

Mahanagar Gas Limited

After completing Additional Process Unit HPCL Project, I had ventured into my own Engineering business in the year 2003 and have completed following projects. (2003 TO 2021)

PEIPL aims to discover and develop conventional as well as unconventional fields to meet the growing demand in Construction /Mechanical/Electrical /Instrumentation/ Tank ages/NDT/Pipe line projects.

PEIPL has invested a considerable amount of time and effort in building a strong infrastructure and information system capabilities. With the dedicated team of professionals at all levels, I am confident that PEPL will be able to continue to deliver outstanding results in the days to come.

PEIPL employees have been pillars of strength in all our endeavors. The Team PEPL relentlessly strives to exceed industry expectations and endeavors to create superior value through the use of the best standards of operations, technologies and safety, health and environmental practices. I thank my colleagues on the Board, whose support and leadership has been invaluable, especially at a time when the organization had to deal with major challenges.

Above all, thanks are due to our partners, for the confidence and unflinching belief in our ability to deliver value. As we continue to build a stronger partnership together, we fully recognize the support and continued trust placed in us is the foundation of our success. I would like to take this opportunity to reiterate our commitment to work towards meeting your high expectations on a sustained basis.

Thank you ,Ladies and Gentleman
